All of us have our own lives to live. Feelings change as time progresses. Events that seemed important during the younger days are now less meaningful.

Lasting friendships cannot be broken by time. Strong bonds between companions hold up even under the greatest emotional strain.

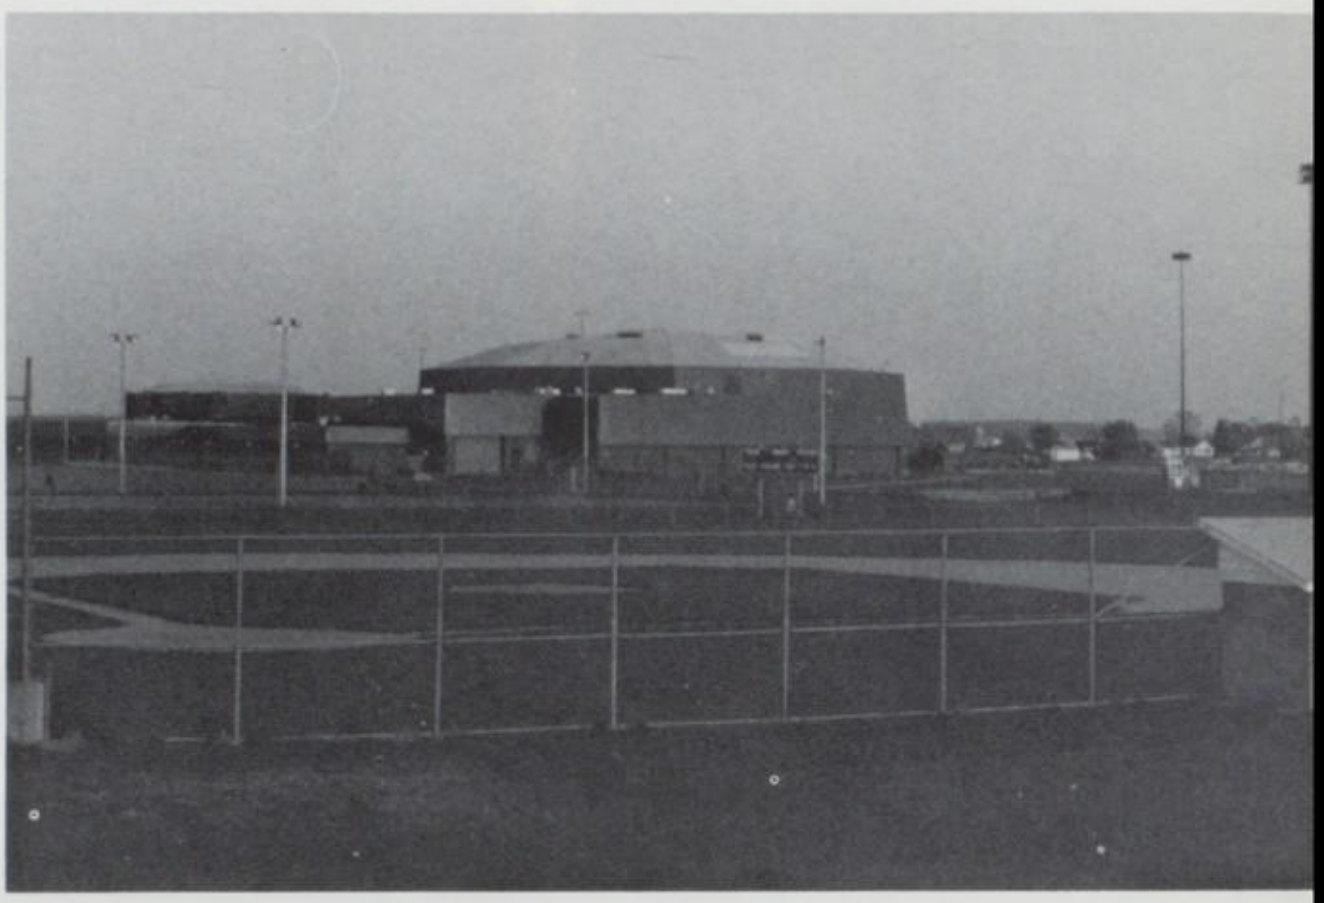
Years slip by without notice. Weeks become months, seasons become years, and decades become centuries. It is only when impatiently watched that time drags its feet.

Life is like a hockey game that is divided into 3 periods. People are born, they live, and they die. Specific life journeys for all persons are only known by the Creator.

Making the best of what time is left on this earth is the best way to survive. Life will continue to exist, no matter what time has to offer.

Beginning the third century in the recorded history of the United States is a big job. Remembering the bicentennial past is important, but more so, it is important to think about our roles in this new time and how time will remember us.

THE school shines in dawn's early morning light. Life has not yet entered its halls.



THE halls fill as the early busses arrive spilling students into the once lifeless building.

ALSO filled with students in the morning is the library where friends meet friends, and sports-minded students read the morning paper.

TAKING advantage of the quiet time before the first bell was Mr. Mertz, preparing his biology lecture for class.

WHEN the bell finally rings, the students take their seats and wait for the arrival of the teacher for another "Good Morning" welcome.

AS TIME PASSES ON

ONE-half of an hour was the time alloted for each student to eat lunch. Dave Curry enjoyed his lunch with the help of a friend.

A DAY CONTINUES

WHEN the final bell rings, hundreds of students race to their lockers and reach the buses just in time to catch a ride.

THOSE students not leaving at 3:05 stayed after school for athletic practices and play rehearsals.

. . . . time hurries on, and the leaves that are

green turn to brown . . . .

Hello Hello Hello Hello.

Good-bye Good-bye Good-bye Good-bye.

—that's all there is

and the leaves that are green turn to brown.

LEAVES THAT ARE GREEN

AFTERNOON classes pass quickly for some, but for others who are constant clock watchers, the last three periods are an eternity.

ONCE more the halls are quiet. The building is set for the night with only the gentle murmur of the heating unit breaking the silence.

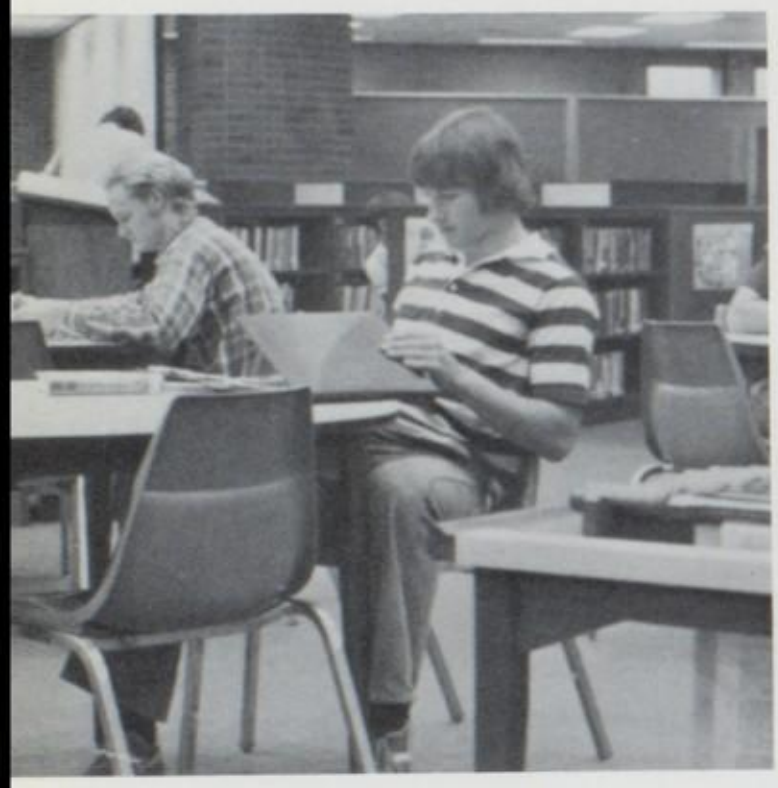
HOMECOMING



NEWLY crowned King Phil Litwiller settles down in the library to finish his thematic paper after the excitement of Homecoming.

QUEEN Ann Minnich, with lollipop in hand, entertained the basketball crowd with her imitation of Telly Savalas.

Newly crowned King Phil Litwiller and Queen Ann Minnich presided over the 1976 Homecoming festivities. After their coronation, the band followed with a splendid halftime show featuring the senior auxiliary corps.

McAllister offered much relief to the large turn-out at the dance, seeking to escape the sub-freezing weather. All the calories from the "finger lickin' good" chicken which was bought at the FFA's chicken barbecue were burned up while the tensions of the nerve racking game supplied the energy. Garrett barely slipped by the gallant Starfires with a last second victory by the score of 40-36.

DUE TO THE DESTRUCTION OF 72 PICTURES, INCLUDING MOST OF THE HOMECOMING SHOTS, WE WERE UNABLE TO PROVIDE AN ADEQUATE COVERAGE OF HOMECOMING FESTIVITES.

THE STAFF

SHOWN are the 1976 Homecoming King and Queen candidates: (front) Ann Minnich, Mary Liechty, Sue Schwartz, Kim Wulliman, Marla Affolder, Sonnie Steiner, (Back) Lon Fox, Ken Sipe, Allen Caffee, Phil Litwiller, Derek Sprunger, and Randy Lehman.

ENJOYING the Homecoming Dance were seniors Wilbur Snyder, Chico Martinez, Kim Jones, Mary Liechty, Andrey Liechty, and many more.

THE tough Starfire defense stopped a potent Garrett Railroader offense during the Homecoming Game.

THE seniors had their own bonfire as they cremated their Grand Prize winning Homecoming float.

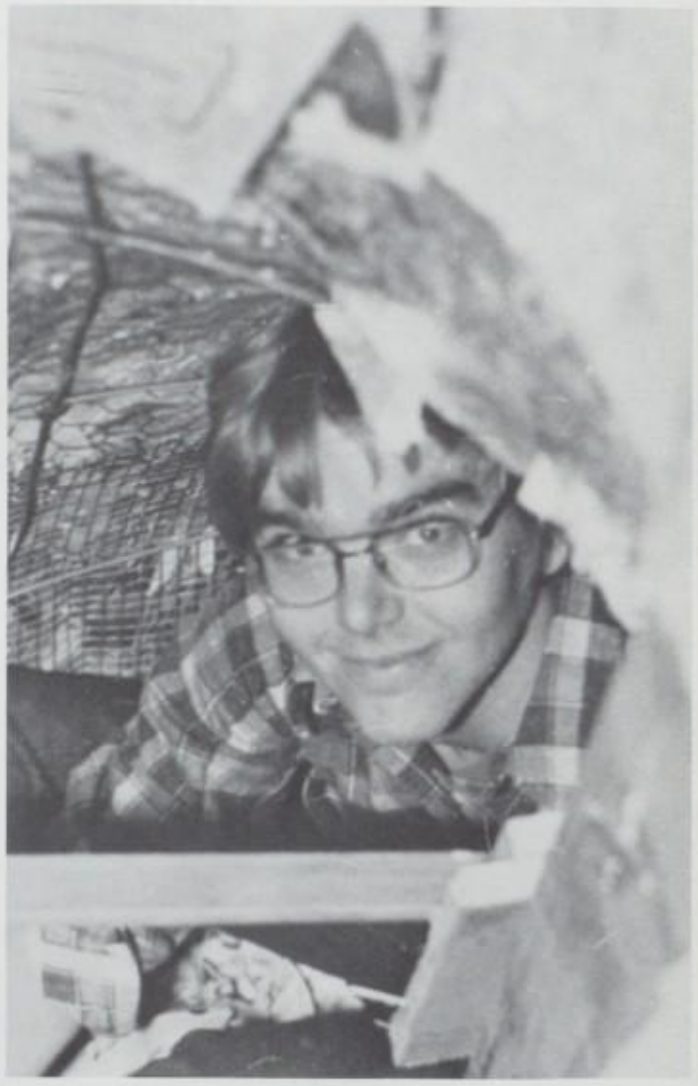
DURING the football halftime, the coronation of Queen Ann Minnich and King Phil Litwiller took place.

FLOAT COMPETITION

Scraped knuckles from stuffing Kleenex, sniffles from the cold night air, and drooping eyes from the late nights accompanied Homecoming week. Things started off with a bang as hammers hit the framework of the floats which were being constructed according to new regulations this year. The seniors' efforts were rewarded as their float won the first place honors. The freshman class placed second, and the juniors won third prize.

PICTURED is Rick Sprunger, showing the intricate structure of the inside of the senior shoe.

FINISHING the senior float were Ken Sipe, Sue Lehman, Wilbur Snyder, Kim Jones, Keith Neuenschwander, and Janelle Lehman.



STUDENT teacher Miss Hayes helped Sue Miller cover the chicken wire frame on the senior float with paper mache.

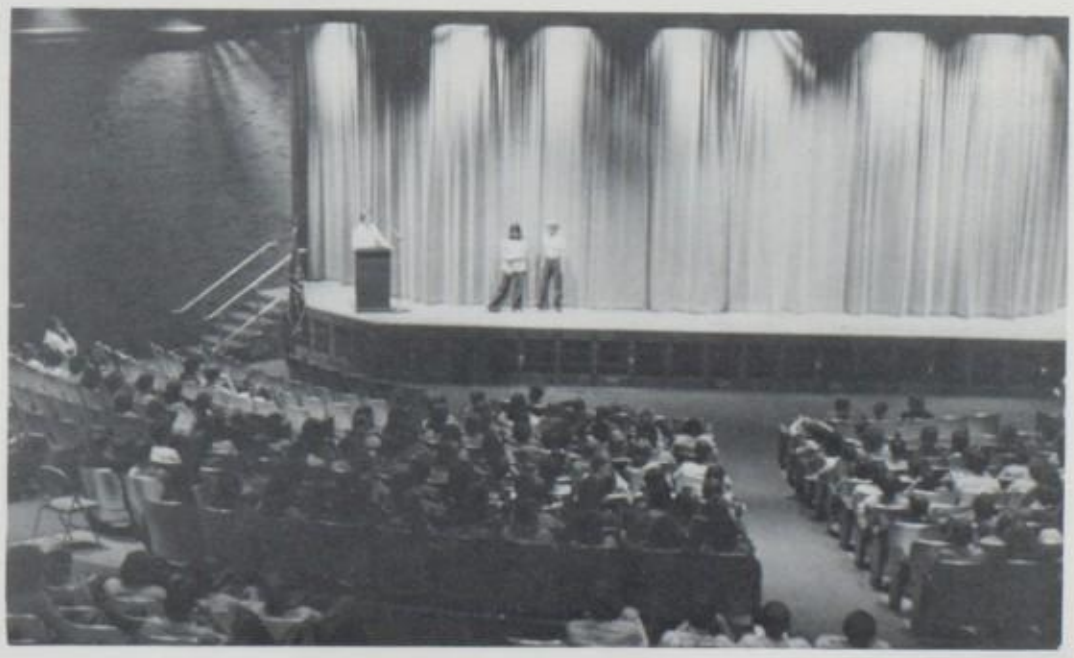
JUNIOR HIGH CONVOCATIONS AND AWARDS

ONE of the Junior High Convos was the annual spelling bee. Beth Agler was the winner this year.

RECEIVING the Home Ec award for outstanding achievement is Lori Smith. Mrs. Merkel presented the award to Lori.



AT the spring awards convo, Coach Flueckiger presented certificates to the track team.

"A

DANCING by the light of the silver chandelier were several couples.

ENTERTAINING at the dance was the group Leviticus from Fort Wayne.

THROUGHOUT the night, the punch and snack table proved to be a popular place.

CHAPERONING the Junior-Senior, the SA faculty enjoyed their meal.

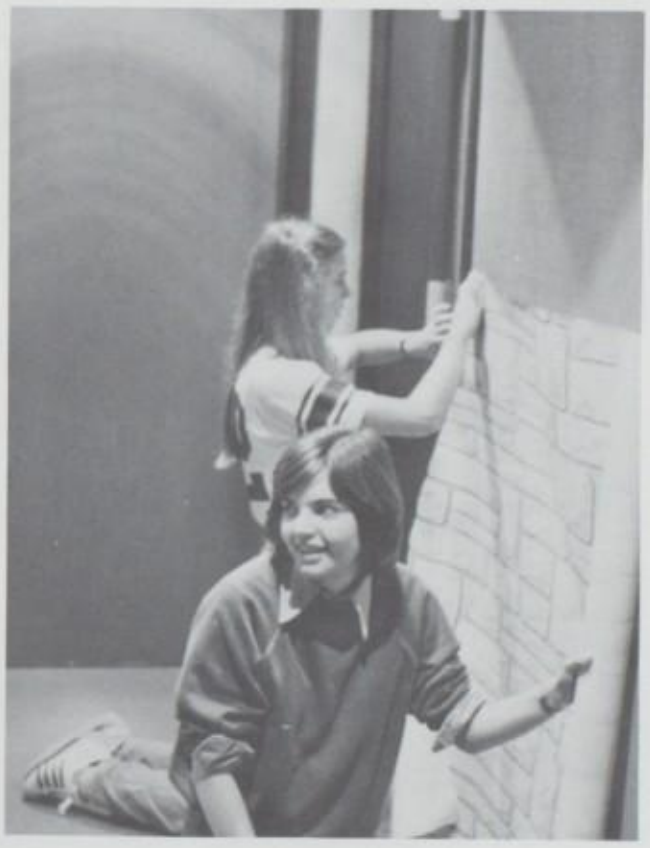
"A Time For Us" was the theme of this year's Junior-Senior Reception. The evening began with pictures taken of the couples after they arrived. A delicious meal was served by several freshman girls. After dinner, the mystery movie TEN LITTLE INDIANS was shown in the auditorium. The couples then danced for two hours to the music of Leviticus. A light breakfast was served, the couples changed clothes, and then they went bowling. THANK*YOU JUNIORS!!!!

JANELLE Lehman, Bruce Hautau, Dan Bauman, Audrey Liechty, Brian Habegger, and Kim Jones.

FISHING for enough money to buy their tickets were Lon Fox and Rick Sprunger.

TIME FOR US"

ANXIOUSLY awaiting their turn on the dance floor, Mark Van Emon, Kim Wulliman, Julie Sauder, and Kelly Weikel watched the band.



JONI Van Emon, Tanya Lehman, LuAnn Gerig, & Alicia Lehman prepared for the big night.

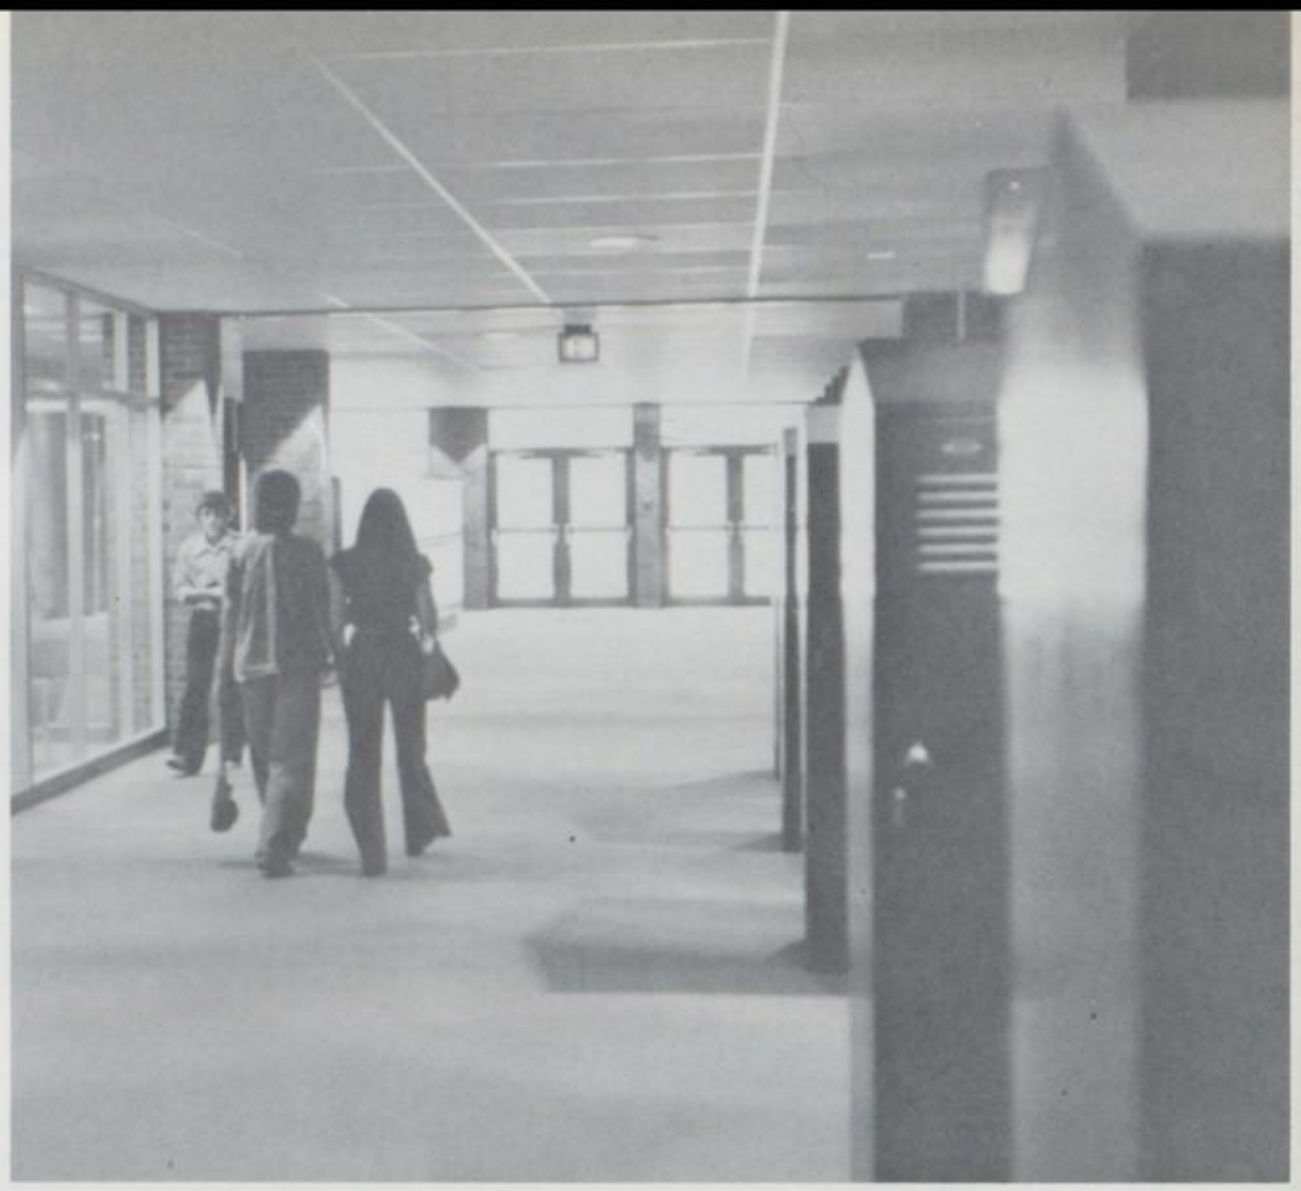
TAPING the castle wall in place were Lori Hendricks and Jenny Liechty.

WITH the castle drawbridge lowered, the couples at the Junior-Senior crossed the bridge into the dining area.

After experiencing hundreds of lost library books, dumped or hidden tote trays, overcrowded totetray rooms, and numerous traffic jams, the administration decided to take some action. The solution: $13,000 for 678 orange, black and gold lockers.

Initial student reaction to the metal monsters was mixed. Some complained of the location, but others welcomed the thought of their coats and gym bags being right where they left them.

Absent minded schoolmates had one big problem. Several dents, and bruised fists and toes later, they finally remembered their combinations. How many times have friends approached the locker door shut before all necessary items were removed. Although burgular proof and sometimes even owner proof, the general concensus approved of them.



RACING to beat the between class rush to the new lockers were Lori Hendricks and Ann Minnich.

STORING football equipment is not the only job for these mudroom lockers. They also saw victories and defeats.

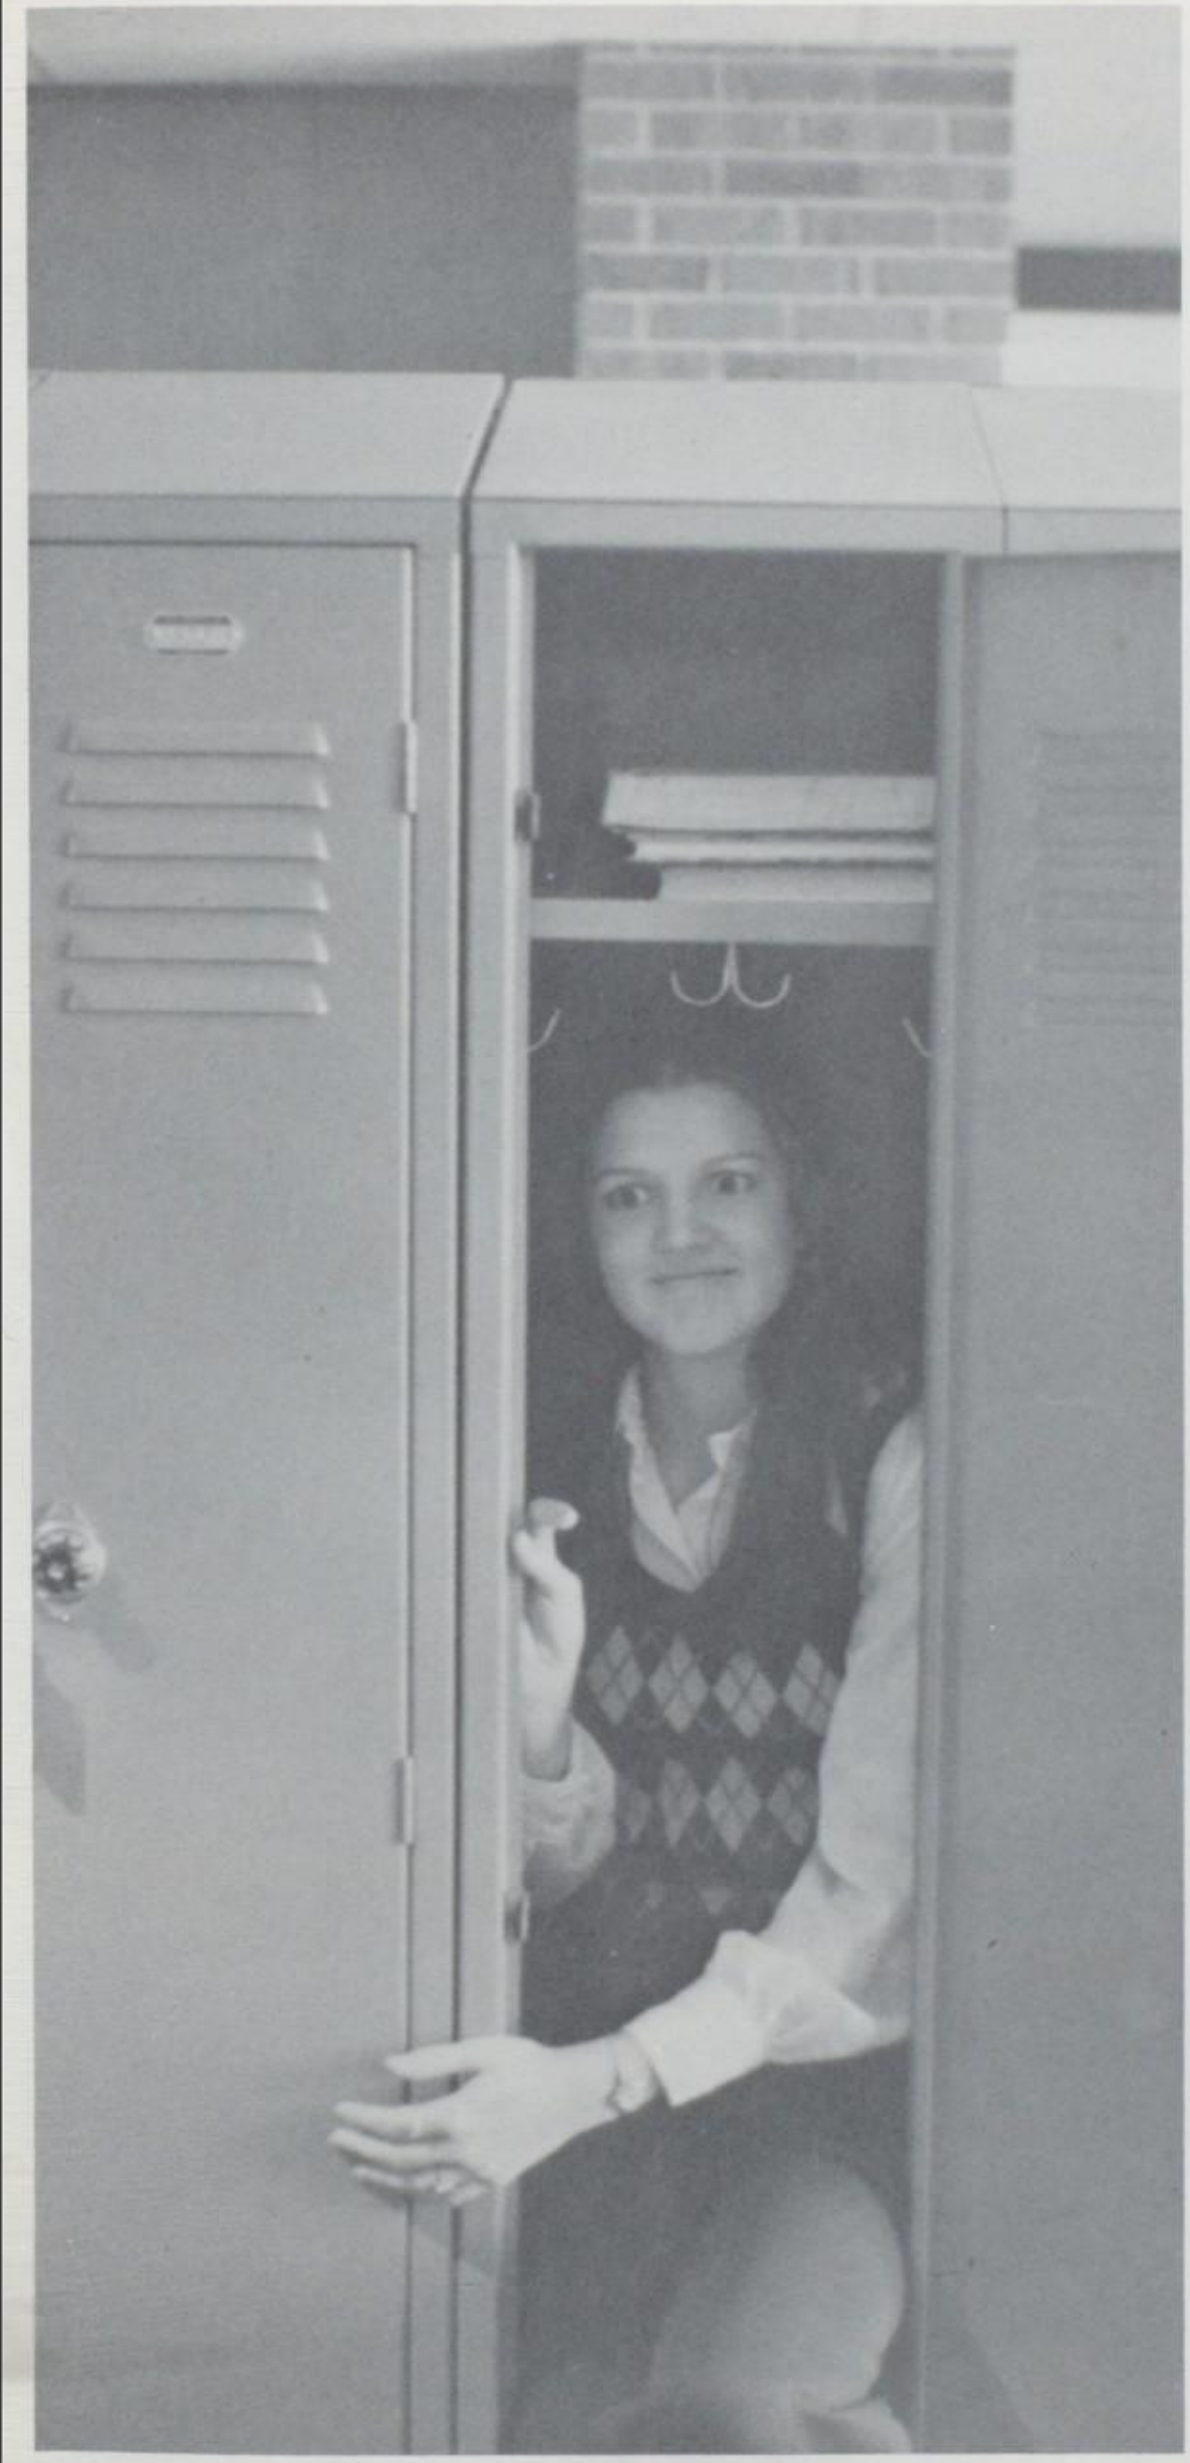
TURNING his combination for the fifth time in a row was Rick Hill. Master keys opened many lockers for forgetful students.

Locked Up, Walled in

Also new this year were 411 feet of walls, added to close the open concept. It took three men three weeks to install them, but their time and effort was greatly appreciated.

Finally a study hall was quiet enough for studying. English class was not a mixture of Spanish verbs and mathematics problems. Students really received a break because routine class lectures were broken up with video tapes, movies and filmstrips.

For those homesick students, some moveable dividers were kept. The walls turned out to be a real good investment except for thoses with claustrophobia. Classes were not disrupted by between class stragglers. While writing on the blackboards, students could finish without the board walking away, being needed somewhere else.



ENGLISH class was much quieter with the walls added. Brad Zimmerman, Pam Alberson, and Cindy Schwartz studied hard for a test.

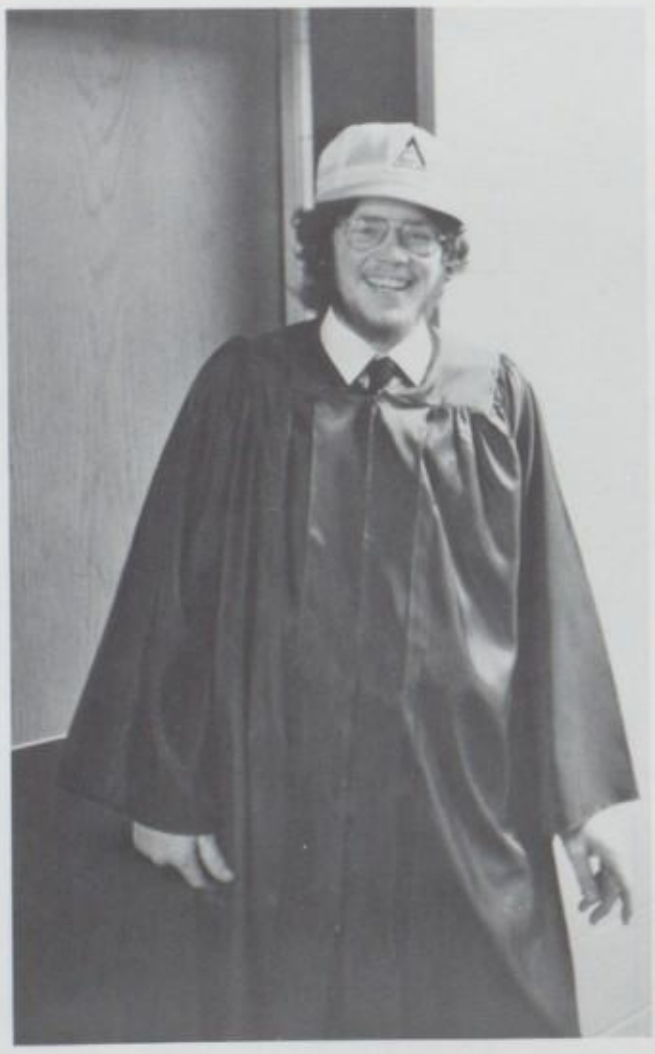
TAKING a break between classes is Ann Minnich, resting peacefully after being swallowed by Kim Jones' locker.

RECEIVING final instructions before the march were the graduates.

STANDING until the rest of their class marched in was the Class of 1977.

REPLACING his mortarboard with an Allis Chalmers cap was Ben Hough.

SINGING "The Way We Were" at commencement was the girls' trio.



GRADUATION '77

ADDRESSING the graduates was Reverend Mark Batterbee.

AWAITING the invocation from senior Allen Caffee were the graduates.

PRESENTING honor cords and sashes to the honor students were Mr. Lehman and Mr. Inks.

DEREK Sprunger received his diploma from his father, Dr. Fred Sprunger.

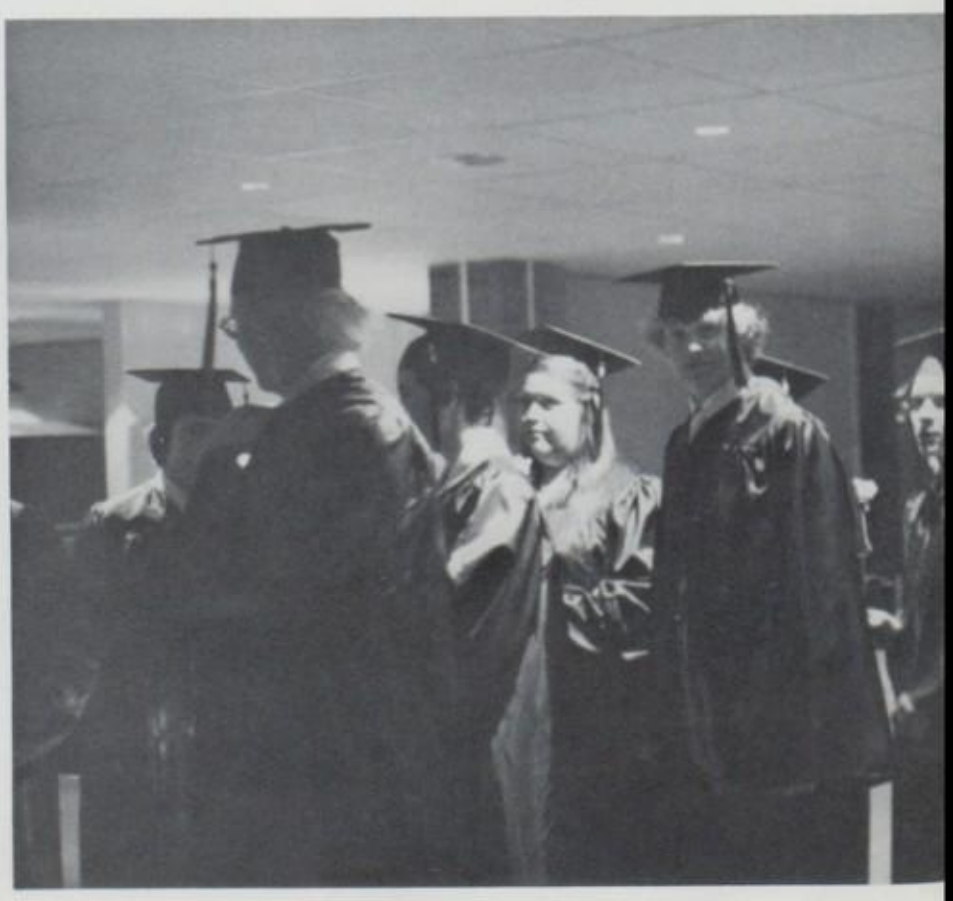
Graduation '77 was held on May 22 in the South Adams gymnasium. The entire class of one hundred sixteen seniors received their diplomas from School Board President Gail Runyon. The baccalaureate remarks were delivered by Rev. Mark Batterbee who spoke on the theme "Sound Words." Kent Frank was the class speaker. He gave a humorous talk about the past in conjuction with the class motto. Principal Doyle Lehman then recognized the honor students.

TWO numbers were performed by the senior choir at commencement.

SENIOR Speaker Kent Frank was introduced by class president Ken Sipe.

ON the last day of school, the seniors practiced for graduation in caps and gowns.

AS the clock ticked closer to 2:00 p.m., the seniors lined up in the commons.



MARCHING to "Pomp and Circumstance" were Sue Hartman and Janita Zurcher.

The Starfires played good football despite their winless record. The twenty-five man squad earned the respect of the opposing teams, coaches, and fans. Many of the games were closely contested and with a break here and there, the out comes might have been different. The offense was vastly improved and the defense earned a reputation as hard hitting. Allen Caffee was honored as first team all conference punter. Named to second team were Steve Hupka, Kent Werst and Phil Litwiller.

Coach Bridge said that the 1976 Stars would always be remembered by the coaching staff as a very special team. There was a family feeling among the players. They worked hard together and never gave up. Bridge also commended the 8 seniors saying that they were very special men.

JEFF Sprunger took his Jay County opponent for a pin.

This year's Star wrestling team won a match for the first time in two years. Much of the success can be attributed to hard work and dedication by the team and to the presence of first year coach Terry Larson. The team won three matches and lost only four. Three sure-win matches were cancelled by the snow.

Kent Werst became the first SA member to go to the semi-state level. Gary Coblentz, Cary Herman, Jeff Sprunger, and Jay Sprunger advanced to regional. Jay Sprunger won the sectional. Next year should be even a better year. The team loses Kent Werst and Steve Hupka to graduation.

Labelled as a young, inexperienced team in a rebuilding year, the varsity Stars suprised many people by notching more wins than expected. They compiled a 3-6 conference record, and overall they were 10-17-1. The Stars tied state rated Wayne by a score of 3-3. The game was called after 10 innings because of darkness.

During some games, Coach Stahly was forced to start as many as six sophomores and two freshmen because of the limited number of juniors and seniors. The senior members, Kevin Lehman and Dave Neuenschwander, were presented co-captain awards at the Spring Athletic Banquet. Freshman Rick Hill and sophomore Gino Fisher were named to the Honorable Mention All-Conference team. The Stars ended their season with a loss to a tough Heritage team after eliminating Adams Central in the second round of the sectional.

The reserve team was coached by Mr. Miller. Many freshmen logged a lot of playing time because of the number of sophomores who dressed for the varsity.

AS the Swiss Village flag was raised, the Marching Starfires played the STAR SPANGLED BANNER.

Although the marching band season was short, a lot of hard work was done behind the scenes to bring quality performances to the public. Summer highlights included: Second prize at North Webster's Mermaid Festival, Fifth place in the Winchester contest, Participation in many local parades, and a trip to Indiana Beach.

Art and

TEARING paper into little pieces for an art project were several seventh graders under the direction of Miss Stauffer.

DISCUSSING their next art project were Steve Bauman and other eighth grade art students.

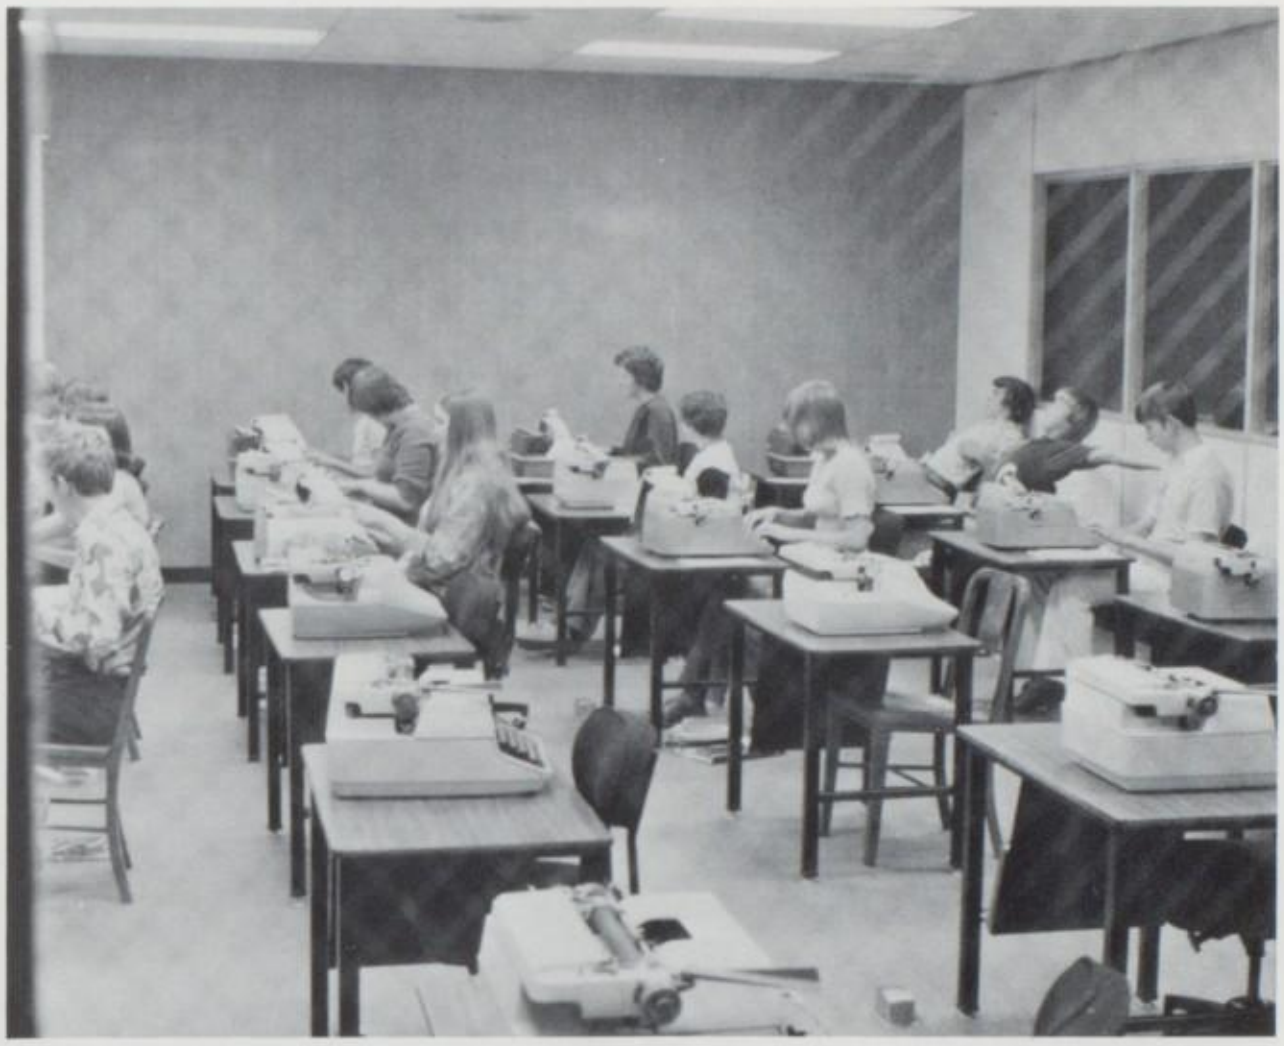
Because art was relaxing and a change from the old book routine, many students decided to expel their creativity this year. Classes were more crowded this year than in the past, but Mrs. Johnson was thrilled to see the big interest in the art field.

Projects that benefited the school were the fire exit signs which someday may save lives, and beautifully constructed and painted scenery for the musical production of OKLAHOMA! held in March.

POSTED on the art room wall were many paintings and other drawings done by outstanding SA artists.

IN typing class, all the sophomores supposedly learned how to type. The wall chart helped lost students find the letters.

Business



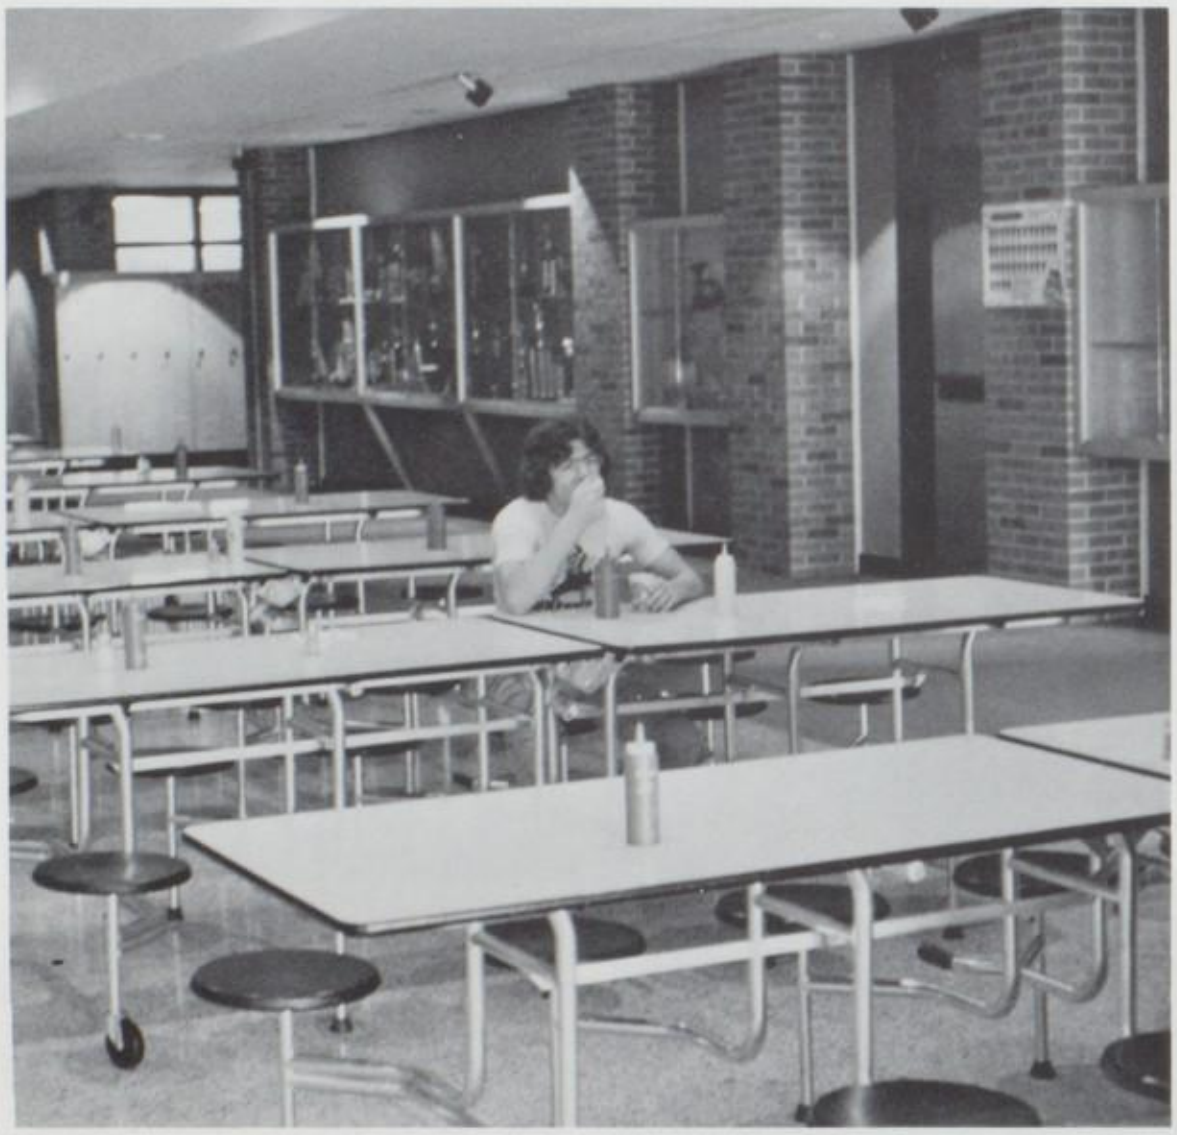
TAKING a breather after a hard timed writing was a class of sophomores taught by Mrs. Weimer.

SHOWN teaching during his first period advanced business class was Mr. Miller. He also managed the cafeteria.

"Mrs. Weimer, my packet didn't check out" or "Mrs. Rhoades, I typed a whole letter without having my fingers on the right home keys" was just some of the business department's jargon this year.

Business courses were taught by Mr. Miller, Mrs. Rhoades, and Mrs. Weimer. Courses ranged from typing for beginners to Accounting II for future Certified Public Accountants. The typing classes this year had a taste of blindness. All the typewriters had capped keys.

CAFETERIA & ENGLISH



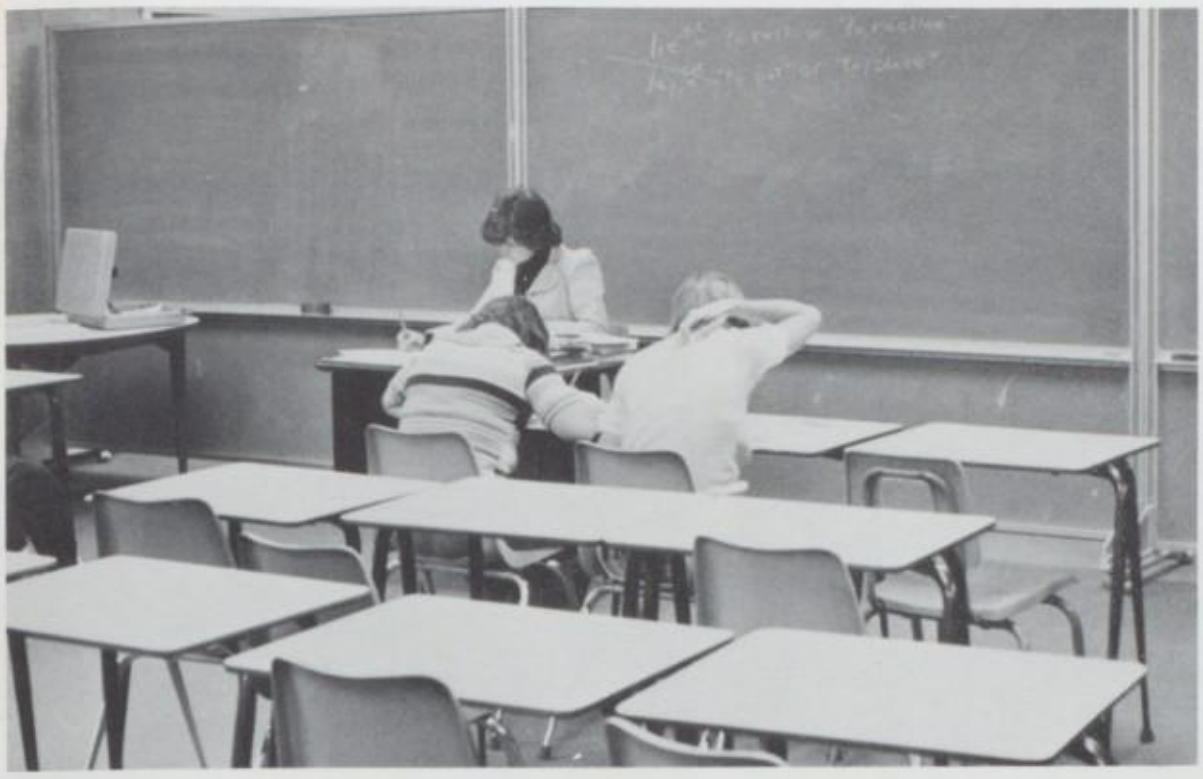
SNACK Bar cooks Henrietta Nussbaum and Joan Bixler get set for the noon hour rush for the pizza.

BEFORE a wrestling match, junior Jay Sprunger enjoyed a meal prepared in the cafeteria.

The cafeteria staff, under chief cook Dorcas Moser, started from scratch to make every meal. 120 pounds of 100% all beef hamburger and five cases of french fries were used to feed hundreds of hungry students and faculty in one sitting. Pizza was the number one meal with 519 served. In addition to the regular meal, the snack bar was a popular lunch time place. Chef salads, 25-30 per day, were consumed along with chocolate and vanilla shakes. Henrietta Nussbaum said the seniors liked pudding.

The English department which was headed by Mr. Jerry Flueckiger provided a varied curriculum for South Adams students. The seniors wrote thematic units and digested plenty of grammar. The juniors completed their first term paper; the underclassmen were introduced to plays by William Shakespeare.

MANY teachers cherished their private dining area so that they could avoid their students long enough to digest the food.



KEEPING her grade book up to date as she watched her study hall was Mrs. Raudenbush.

SOPHOMORES Robin Moore, Greta Eicher, and others in Mrs. Minch's English class read their book report books.

PHIL Sprunger, Rick Hill, and Curt Van Emon look up vocabulary word definitions for their test.

LANGUAGE Arts provided a wide variety of curriculum. Miss Andrews and Teresa Fravel demonstrate the latest dance steps.

INDUSTRIAL ARTS

The Industrial Arts students became familiar with industry by operating machinery and developing work skills necessary for success within the industrial world.

Industrial Arts classes offered machine skills, drafting, and building trades. In these classes, Mr. Oswalt and Mr. Mosser help students prepare for future jobs. Eighth graders formed companies and sold products.

AN expert in industrial arts, Kent Frank shapes a piece of wood.

FINISHING a delicious meal was the senior Home Economics class.

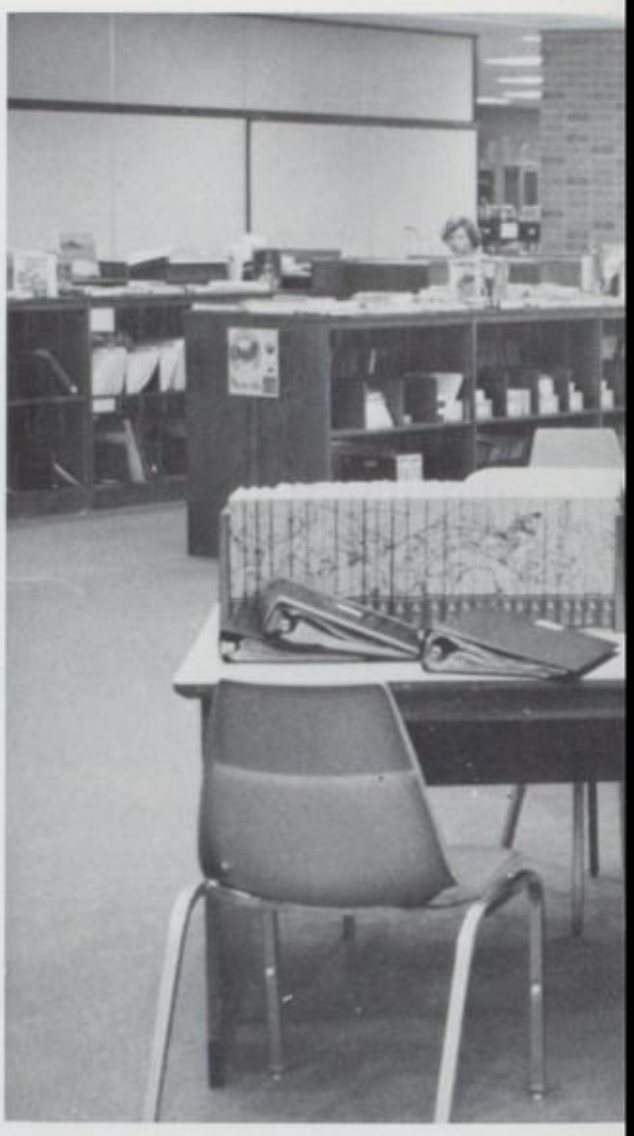
HOME ECONOMICS

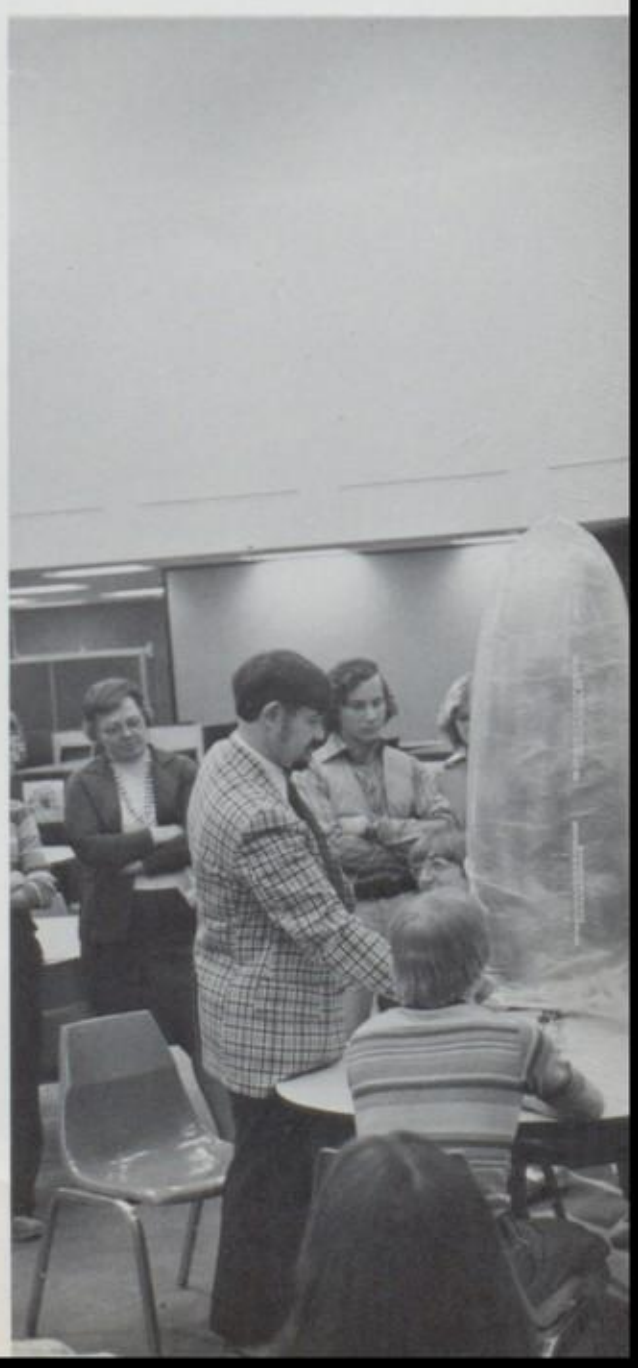
ENJOYING a Home Economics meal were Nancy Nussbaum, Diana Ford and Cheri Jones.

Cooking seemed to be the students' and the teachers' favorite class period in Home Ec. Classes cooked pizzas, lunches, and breads on a budget of $25 per week. Mrs. Yake wished that all of the classes were semester or 9 week classes so students could choose from a variety of desired subjects. Mrs. Merkle said that people who are not as smart in math or science shine in Home Economics.

CLASSES in Home Economics must do a lot of research before starting to cook.

Shhh!





A library, as defined in the dictionary, is a building housing a collection of books used for QUIET research or pleasure reading. The SA library may resemble the above definition but was used for many other events during the past year. The newspaper staff held an Easter egg hunt in the library. Early morning arrivers and lunch hour escapees also used this quiet place appropriate for friendly chats.

CAREFULLY scanning the library for gum chewers, noisy talkers, and other assorted offenders was Mrs. Linder, library watchdog.

USING the library for a demonstration, Mr. Sheets launched his Polish Rocket for his science class.

Quiet Please!

Geneva Highlights

PICTURED was the entire cast of the sixth grade opereta "Howdy Cowboy"

DIRECTED by Mrs. Maloney, the sixth grade opereta gave two performances to the public.

TAKING time from their tennis lessons in gym were Sheri Godsey and Marsha Whitehurst.

HEALTH and Science seemed to be the favorite subject of these students at Geneva.

"HOWDY Cowboy" used two completely different casts at each performance.

"Where the Plain People Work and Live"

After you turn off U.S. Highway 27 and wend your way past the picturesque you will find yourself at beautiful Amishville, U.S.A. As part of Amishville, U.S.A. you will find the "Essen PLATZ" (eating place) just beyond the towering Amish windmill.

When approaching the entrance to the "Essen Platz", pause just a moment to enjoy the beautiful panoramic view of Amish countryside, with the two small lakes, wooded hills, and clean fresh country air. Here you will truly enjoy the beauty of the Creator's art.

Upon entering the "Essen Platz" one immediatley senses the warmth and friendly atmosphere. The rustic decor, Amish lanterns, and the world's largest authentic Steel Horse.

The waitresses will assist you in making your dinner a pleasant one. Relax and enjoy the soft music as you enjoy "Another World" of just plain country cooking.

REMEMBER WHEN?

REMEMBER when a group of seniors rode to school in a horse and buggy in the style used by their ancestors?

Time it was,

And what a time it was,

It was . . . .

A time of innocence,

A time of confidences.

Long ago . . . . it must be . . .

I have a photograph.

Preserve your memories;

They're all that's left you.

REMEMBER when it snowed so hard that school was not opened for a week, and the fuel shortage reduced the building temperatures?

REMEMBER when that final moment came during Graduation when, with diploma in hand, the graduates moved their tassles to the right side?

REMEMBER when frisbees filled the hallways to announce the approaching end of the school year?

REMEMBER when gymnasts Joni Van-Emon and Julie Sauder performed excellently at the Regional and then Joni advanced to the State?
